BRIEF REPORT ON VISIT TO CSIR COMPLEX

30-09-2022

Date: 26-09-2022, 9:15 am -3.30 pm

Venue: CSIR Complex

The council of Scientific and Industrial Research CSIR, conducted open day on Sep 26th, 2022 as 1942, Sep 26th marks the inauguration of CSIR. CSD has arranged a trip to CSIR complex for the faculties and students of our college to visit their labs and interact with the scientists. The R & D activities covered fields from aerospace engineering to ocean sciences, molecular biology to metallurgy, chemicals to mining, food to petroleum & leather to environment in order to foster multidisciplinary research. It also covers a wide spectrum of science and technology from radio and space physics, oceanography, geophysics, chemicals, drugs, genomics, biotechnology and Nano technology to mining, aeronautics, instrumentation, environmental engineering and information technology. It provided significant technological intervention in many areas with regard to societal efforts which include environment, health drinking water, food housing energy farm and nonfarm sectors. CSIR role in S & T human resource development is also noreworthy.

Nearly 5 buses were arranged and 100 students with 50 faculties from our college visited the CSIR complex. They gained the experiences related to different sectors. It was a great opportunity that our faculty utilized this day (Sep 26) and received guidance by CSIR scientists. The faculties interacted with the staff members of CSIR-SERC on the impact made due to R & D activities. This provided an opportunity for our faculty to know the different facilities available in CSIR research institutes. They were provided with lunch by CSD department.

Sample Images of faculties and students of our college taken during the visit to CSIR complex
