Abstract Views - Reports the number of requests for an article Abstract.

Article Request (NON-Counter) - The number of documents requested from the server.

Page Views - The number of pages viewed on a Web site.

Searches Run - Reports the number of keyword searches performed.

Page Views - The number of pages viewed on a Web site.

Visits - Represents the number of individual durations of times visitors were on the site accessing a series of pages without 30 minutes of inactivity. A single visitor can account for multiple visits in a single day.

ProQuest Database Activity – Summary

Time Frame: JUNE-2021 to AUG -2022				
Account 168111 - B. S. Abdur Rahman Crescent Institute Of Science And Technology Tier (0)				
Searches	Database	Cit/Abstract	Any FT Format	Total
7826	ABI/INFORM Collection	462	4243	5067
450	Coronavirus Research Database	43	96	78
572	Publicly Available Content Database	67	330	465
8848	Subtotal	572	4669	5610
553	Total Unique Searches			

How Searches are Counted: Search by Word -- The search count is incremented every time the search button is clicked. Subsequently clicking Next to retrieve the next set of results does not increment the search count. Search by Publication -- The search count is incremented every time the search button on the Search by Publication page is clicked. Subsequent browsing of issues of a journal and / or documents within the journal does not increment the search count. Search by Topic -- The search count is incremented every time a search is performed that returns articles. How Documents are Counted -- The document count is incremented at the start of document delivery from the ProQuest electronic vault.
