Dear Sir,

We convey our sincere thanks to the Management of **National Engineering College, Kovilpatti** for providing the services of **Dr. A. Abudhahir**, for various accreditation related activities such as:

- Preparation of Accreditation manuals, Self assessment report formats and evaluation guidelines in Tier-I and Tier-II system
 - Diploma, UG and PG Engineering Programmes
 - UG and PG Pharmacy Programmes
 - PG Computer Applications
 - UG and PG programmes in Hospitality and tourism Management
- Development of training materials for various training programs of NBA
- Master Trainer/Resource Person for workshops organised by NBA

Dr. A. Abudhahir is very hard-working, dedicated and sincere to his duties and responsibilities. He has accomplished his duties well in time and to the highest satisfaction, as and when assigned to him. The Washington Accord (WA) mentors very much appreciated the Accreditation documents developed by the expert team in which Dr. A. Abudhahir played a phenomenal role as one of the expert members.

As you are aware, NBA is putting all its efforts to join the Washington Accord as permanent signatory member, which facilitates the recognition of the degrees of the accredited programs by other member countries. This would require the services of a group of senior Academicians, who are well conversant with the activities and functioning of NBA. In this context, we request you to kindly provide the services of Dr. A. Abudhahir as and when required.

You would appreciate that your students, faculty and institution, as a whole, would be greatly benefitted by virtue of academic knowledge, expertise and International exposure to be acquired by Dr. A. Abudhahir through his association with NBA. He would be able to undertake different activities pertaining to Outcome Based Education and Accreditation in addition to his usual academic commitments.

NBA will be deeply indebted and thankful to you, for this noble cause in the interest of the Nation. Looking forward to the pleasure of hearing from you soon.

With Kind Regards

Yours Sincerely

Dear *Dr. Abudhahir,*

By this time, you would have already read in the newspapers that NBA has been formally admitted as a signatory to the Washington Accord (WA). Without doubt this is a matter of great satisfaction and pride for all the stakeholders of NBA, especially those who have been involved in these efforts for some time now. As a member of the Engineering Evaluation Accreditation Committee, you have guided the efforts at various stages, for which the entire NBA team and leadership owes its grateful thanks. We hope to continue to benefit from your co-operation and help in future as well.

It is pertinent to note that this recognition also puts a great responsibility on the organization, and hence on all of us. We need to work even harder now to work for the highest standards for all our processes and conduct, since we shall be now constantly under an international vigil. Admission to WA does not allow any complacency. It is only the beginning of a lot of hard work for further improvements in the system. In fact, every signatory is subject to a Review every six years, and we need to make sure that in every such Review, NBA comes out the stronger.

We look forward to your continued co-operation and support, as we proceed further on this important, but challenging path of quality enhancement of technical education in all our institutions.

F. No. 6-9/2013- NBA/PL & C

Date: 27.06.2014

Dear *Dr. Abudhahir,*

Greetings from NBA

First of all, I would like to share the good news that NBA has now acquired the status of a Signatory of the Washington Accord. No doubt your participation in its activities has played an important part in this proud achievement.

On another note, the Executive Committee has recently decided to reorganize some of NBA's activities and committees, and as a consequence, the Engineering Evaluation Accreditation Committee (EEAC) of which you have been a Member, stands dissolved. An official notification to this effect is being sent separately.

I am writing this to express our sincere appreciation for the work done by you and your colleagues as a Member of the Engineering Evaluation Accreditation Committee (EEAC). Your participation in our activities in this capacity has helped NBA greatly, for which I would like to put our thanks on record.

We hope you will be available to volunteer your help in future as well. It is the self-less participation of senior and experienced professionals like you, which make it possible for NBA to fulfill its mandate of accreditation with credibility.

Signatory status of the Washington Accord puts additional responsibilities on our shoulders, and I hope to seek your continued involvement in meeting the new responsibilities in future.

With best wishes and warm personal regards,

Yours sincerely
